EAA Chapter 92—Message from the President

EAA92 Members and Friends,

HAPPY NEW YEAR – WELCOME TO 2021!! We sincerely hope it turns out to be much better than 2020, and with the help of the vaccines, it should be. As we enter the new year, we plan to continue with our monthly on-line Zoom Chapter meetings and presentations until we can return to our in-person meetings at the IRWD Community Room in Irvine. So watch the Events page on our website for upcoming presentation topics.

At the national level, EAA is moving full steam ahead with planning activities for AirVenture 2012 this summer, so get your travel plans in place. Chapters across the country continue to be generally locked down for COVID safety, but increasingly hold on-line events and very limited in-person activities to continue to promote aviation.

At the local level, both Planes of Fame and Yanks Museums at Chino remain closed, and there is no word on whether there will be a Chino Air Show this year. We hope to do some limited Young Eagle events this year in late spring or fall, but will wait and see how COVID progresses before setting firm plans. Our youth Build and Fly program in cooperation with Trabuco Flyers RC Club remains on hold, but we have the materials and RC aircraft kits on hand and ready to go when conditions permit. We also have two open reserved slots for Air Academy at Oshkosh this summer for two chapter-sponsored youth ages 14-15. At the national level, EAA is moving forward with planning for Air Academy, so if you have qualified candidates in mind, please let us know.

We have held our annual chapter elections and have our officer and board members in place for 2021.

The officers are:

- President – Jim Randall
- Vice-President – OPEN
- Secretary – Steve Livingston
- Treasurer – Jenee Steury
- Newsletter Editor – Louis Beaulieu

EAA Chapter 92—Message from the President

Our Elected Board includes:

- Don Myhra
- Zack Cavanaugh
- Debbie Cavanaugh
- Jim Barry

The good news is that General Aviation flying activities continues to be up, even though airline flights are down. Air traffic volume overall continues to be light, and controllers are very accommodating within the constraints of their reduced staffing levels. Flying at Orange County Airport, for example, is easier and departures are quicker with fewer airliners to share the field and airspace with, but pattern work is restricted at times due to reduced staffing in the tower. Flight schools and flight instructors are busy as students continue to train. And if you are restricted to home most of the time, this is a great time to work on or begin a homebuilt aircraft project.

So now go out and FLY, BUILD, DREAM, and attend educational webinars. Hang in there; stay safe; thank you for all your support and we look forward to seeing you at future events, on-line and in-person.

Until next time - - - Jim Randall, President, EAA92

EAA Chapter 92 Bringing the E to EAA

Air Academy Summer Camp Scholarship 2021

EAA Chapter 92 will be giving away two scholarships for the Air Academy Summer Camp, at Oshkosh Wisconsin. The camp includes room and board, plus EAA Chapter 92 will pay for the transportation air fare.

There will be 2 scholarships recipient selected by EAA Chapter 92 for Basic Air Academy Campers (for 14-15 year olds*)

EAA Chapter 92 will be selecting candidates that have shown the most interest in aviation in a numbers of way like:

- Attending Young Eagles event;
- Attending an aviation oriented high school program;
- Volunteering at EAA Chapter 92 event like Young Eagles or the Chino Planes of Fame Airshow, etc.

The scholarship recipient will have to present a short essay at regular EAA Chapter 92 meeting.

To apply for the scholarship send an email to secretary@eaa92.org detailing your interest in aviation before March 30th. Scholarship recipient will be selected and contacted for a final interview in end of April.

If your child is not selected, you can still register by applying directly at EAA.org, see link below, but do it soon because these camps are usually sold out by January.

For more information go to the EAA web site: <https://www.eaa.org/eaa/youth/eaa-aviation-and-flight-summer-camps/eaa-air-academy>

*Camper age in July 2021, the camp educational material is designed for this age group.

EAA Chapter 92— Young Eagles Rally

Location: [Planes of Fame / Cal Aero \[KCNO ~ Chino Airport\]](#)

Time: Registration opens at 10:00 AM [Planes of Fame Museum]
This is a fun FAI interactive day for all ages and a great time to have fun!

YOUNG EAGLES: "Sharing the Passion for Aviation with the Future"

ON STANDBY

Until the pandemic situation improves all Young Eagles Rally activities have been suspended. We're expecting to resume this Autumn.

Young Eagles Youth Protection Program

This article is taken from EAA central web information. You can visit the EAA web page: <http://www.eaa.org/en/ea/aviation-education-and-resources/ea-youth-education/youth-protection-policy-and-program>.

EAA's Youth Protection Policy and Program sets basic requirements for EAA staff and volunteers who work with children under age 18. It includes **online best-practices training** and, for certain categories of volunteers, a **basic background check** (U.S. residents only). All of the following persons are required to complete both the online training and background check.

Both steps are necessary and the cost is covered by EAA:

- All Young Eagles pilots
- All Chapter Young Eagles Coordinators and Field Service Representatives
- Two-deep leadership supervisors (see Section 4 of the Policy)
- Volunteers who will work with youth in general:
 - Four (4) hours or more at any one (1) time; or
 - Four (4) times or more in any calendar year; or
 - Four (4) times or more with any particular Youth.
 - Note that "Volunteers" includes, among others, parents and legal guardians of any youth participants

If you would like to volunteer for our next young eagles event, please use the link above and follow instructions.

To do the training and enter information for the background check you need to be a member of EAA National.

* Our reason for these requirements is that kids should be safe, so we must take action to advance the safety of children in EAA-related programs – whether operated by EAA or by one of our chapters – for the sake of the kids, their parents and guardians, and the volunteers who work with them.

For Sale

PORT-A-PORT EXEC 1 HANGARS FOR SALE AT KRAL

FOR SALE: Two Port-A-Port Exec 1 hangars at KRAL in Riverside, CA, perfect for working on your new aircraft project, or housing your current flying aircraft. Excellent condition, wired for electricity and lights, asphalt floor, quiet area, east-facing for shade in the afternoons.

Port-A-Port Exec 1 hangars are 42' wide, 33' deep, and approx. 12' high. One of the hangars has a shared use tenant in it until March, 2021, and the second has some of the owner's material in the back 3', but is otherwise empty. Both hangars will be cleared out in February, and ready for sale by March, 2021. In the meantime, the second hangar is available to be rented for an aircraft or nearly completed homebuilding project, with the current owner's material remaining in the back 3', for only \$200/month. This hangar currently has a compressor, workbench, desk, and shelves that can be made use of for your building project.

Each hangar is offered for sale at \$16,500. In addition, KRAL charges a monthly ground rent of \$256 to cover utilities, restrooms, wash rack, dumpsters, security, night lighting and other airport amenities.

In addition to the hangars, for someone getting starting in homebuilding, the owner has an assortment of sheet metal tools for sale – air drill, air hammer, rivet sets (2 or 3 complete sets), buck bars, drill snake, countersink (and box of bits), etc.. Most of the tools from ATS. Also some air-

For Sale

craft engine items – buzz box mag timing light, Bendix mag tools, cable tensiometer. All tools in good condition and lightly used.

Contact the owner Mike Rhoades at mikerox2500@gmail.com for more details.

(Aeropoxy)

Flying Tiger is at the base of the Chino tower. Not only do they have the cheapest gas at CNO, they will give an additional 5 cent discount to those who identify themselves as members of EAA92. To do this, you need to talk to the operator BEFORE you swipe your credit card. They would like to see your membership card, but many of us don't have them yet.
