## *EAA Chapter 92—Message from the President*

EAA92 Members and Friends,

The Covid situation yellow caution flag is still out as the infection rate is peaking again. So we are still having our monthly meetings via Zoom, and are continuing to evaluate our possible Young Eagle events in October and November. The ultimate answer to getting back to normal life is vaccinations, vaccinations, vaccinations. We need to get more of the population vaccinated.

At the national level, EAA held a very successful and record-setting AirVenture in July, so it is clear that general aviation is alive and well and interest levels are high. A number of our members attended and are now winding down from all the activity.

At the local level, the Chino Airshow is now scheduled for Oct 30-31, and for our chapter that is THE BIG EVENT of the year. It is a chance for everyone, chapter members or not, to come out and volunteer for our Brat Booth in the food court at the airshow. We will need lots of volunteers to grill and serve brats and dogs, chips and drinks on Saturday and Sunday. Overlapping morning and afternoon work shifts are available for Saturday and Sunday, 9 AM to 1 PM, and 11 AM to 3 PM. In addition, we help park transient aircraft for visitors flying to the airshow, so for that we need 6 or so volunteers to marshall aircraft prior to and after the show.

AND, on Friday morning, we will also need half a dozen or so volunteers (including several with pick-up trucks) to move materials (booth frame and canopy, tables, chairs, banners, grills, etc.) from our Base Ops on the field to the food court.

For helping out, all volunteers get FREE airshow admission, CLOSE-IN parking, and FREE all-you-can-eat lunch. What could be better??? The airshow event is posted on our website at [www.EAA92.org](http://www.EAA92.org) – sign up there for the shifts you can volunteer for. In the week prior to the show, volunteers will get further details on where to park, driving directions, gate pass, where to pick up your wristband, etc..

## ***EAA Chapter 92—Message from the President***

As Covid eases, the good news for general aviation continues, with flying activity up, traffic levels in the LA Basin increasing, and flight schools very busy with new and re-activating students. At some times of the day at Orange County Airport, it can take some patience to depart, waiting for airline and business jet traffic on 20R and the training aircraft circulating in the 20L pattern.

And EAA members continue to BUILD AIRPLANES. We have several new members in the chapter who have started build projects (RV-12 and Rans) and several others who are continuing on their RV-8 and RV-14 and RV-12 projects, and one new member who recently purchased a Pitts S2-A. So if you are still restricted to home most of the time, this is a great time to work on or begin or buy a home-built aircraft project.

So now go out and FLY, BUILD, DREAM, and attend educational webinars AND come to the Chino Airshow. Hang in there; stay safe; thank you for all your support and we look forward to seeing you at future events, on-line and in-person.

Until next time - - - Jim Randall, President, EAA92

## ***EAA Chapter 92 — NEWS***

**General Meeting — October 5 @ 7:00 pm - 9:00 pm on Zoom**

### **— — BUILDING A GLASTAR — — with Dave Prizio — —**

Taking over a project started by someone else and bringing it to completion is a special case of building a plane. I will cover topics such as selecting a partly completed project, evaluating it, and getting it back home. Then I will look at the pros and cons of living with work that others have done, both good and not so good. Lastly I will look at my decisions about how to equip the new plane while staying within some sort of budget.

About our speaker: Dave Prizio is a long-time member of EAA Chapter 92, a Technical Counselor for our chapter, and a FAA DAR. He has built multiple aircraft over the years; writes a regular column for KitPlanes magazine; is a former member of the EAA Homebuilt Aircraft Council where he made major contributions to the “EAA Flight Test Manual” for E-AB aircraft Phase 1 flight testing in its revision to a task-based format; and authored a book, published by EAA titled “Powering Your Plane”.

- Booth teardown – Sun, Oct 31 PM
- Logistics:
  - Thom Steury coordinating with POF- booth location, wristbands, gate entry pass
  - Zack has event and volunteer sign-up form posted on our website
  - Thom to provide volunteer recruiting write-up to Zack
  - Food & supplies – Debbie, Thom, Jenee ??

More information will be provided as we organize the event. In the mean time you can review the following video available for EAA Members: Webinar- Chapter Food Service in Today's World 2021 (eaa.org) at <https://www.eaa.org/videos/6243859094001#.YRM9wwHeyUw.link>

### Builder Center

We don't have a builder center anymore. If you would be interested in renting a place to build you aircraft please advise us at [ea92buildercenter@gmail.com](mailto:ea92buildercenter@gmail.com). We will restart the builder center when we can have enough tenants and can find a new location.

### Base Ops

Base Ops is our headquarters on Chino airport.

We had a roof leak which caused serious water damage. No repairs yet by Chino Maintenance on the wall water damaged areas.

The freezer has been cleaned up and repainted, and is working ready for use.

## Young Eagles Events for 2021

## EAA Chapter 92—Young Eagles

### Young Eagles Youth Protection Program

*This article is taken from EAA central web information. You can visit the EAA web page:*

<https://www.eaa.org/ea/youth/youth-protection-policy-and-program>

EAA's Youth Protection Policy and Program sets basic requirements for EAA staff and volunteers who work with children under age 18. It includes **online best-practices training** and, for certain categories of volunteers, a **basic background check** (U.S. residents only). All of the following persons are required to complete both the online training and background check.

Both steps are necessary and the cost is covered by EAA:

- All Young Eagles pilots
- All Chapter Young Eagles Coordinators and Field Service Representatives
- Two-deep leadership supervisors (see Section 4 of the Policy)
- Volunteers who will work with youth in general:
  - Four (4) hours or more at any one (1) time; or
  - Four (4) times or more in any calendar year; or
  - Four (4) times or more with any particular Youth.
  - Note that "Volunteers" includes, among others, parents and legal guardians of any youth participants

If you would like to volunteer for our next young eagles event, please use the link above and follow instructions.

To do the training and enter information for the background check you need to be a member of EAA National.

\* Our reason for these requirements is that kids should be safe, so we must take action to advance the safety of children in EAA-related programs – whether operated by EAA or by one of our chapters – for the sake of the kids, their parents and guardians, and the volunteers who work with them.

# EAA Chapter 92 Bringing the E to EAA

## Air Academy Summer Camp Scholarship 2022

EAA Chapter 92 will be giving away two scholarships for the Air Academy Summer Camp, at Oshkosh Wisconsin. The camp includes room and board, plus EAA Chapter 92 will pay for the transportation air fare.

There will be 2 scholarships recipient selected by EAA Chapter 92 for Basic Air Academy Campers (for 14-15 year olds\*)

EAA Chapter 92 will be selecting candidates that have shown the most interest in aviation in a numbers of way like:

- Attending Young Eagles event;
- Attending an aviation oriented high school program;
- Volunteering at EAA Chapter 92 event like Young Eagles or the Chino Planes of Fame Airshow, etc.

The scholarship recipient will have to present a short essay at regular EAA Chapter 92 meeting.

To apply for the scholarship send an email to [secretary@eaa92.org](mailto:secretary@eaa92.org) detailing your interest in aviation before March 30th. Scholarship recipient will be selected and contacted for a final interview in end of April.

If your child is not selected, you can still register by applying directly at EAA.org, see link below, but do it soon because these camps are usually sold out by January.

For more information go to the EAA web site: <https://www.eaa.org/eaa/youth/eaa-aviation-and-flight-summer-camps/eaa-air-academy>

\*Camper age in July 2022, the camp educational material is designed for this age group.

## PLANES OF FAME AIR MUSEUM

### 2021 Planes of Fame Air Show

Planes of Fame Airshow Scheduled for October 30 and 31, 2021 - Save the Dates!

Our annual tradition returns to Southern California – although a few months later than we’re all accustomed. Our theme this year is "Saluting Aviation and the Big Screen!".

With Fall in the air, we’ll take to the skies – historic aircraft from our past will be joined by the technology of today. With a touch of magic and mystery that is Halloween, look forward to some special “tricks” by some of the best aerobatic acts in the business as well as plenty of “treats” as warbirds flock to Chino Airport for the Planes of Fame Airshow.

We’re pulling together what we believe will be one of our best shows ever and you won’t want to miss it! Mark your calendars now and plan on being here in the Fall!

For updates on the Airshow as it comes together, bookmark this page or [sign up](#) to receive our Newsletter (see *bottom of [home page](#)*).

See you in October 2021!

Flying Tiger is at the base of the Chino tower. Not only do they have the cheapest gas at CNO, they will give an additional 5 cent discount to those who identify themselves as members of EAA92. To do this, you need to talk to the operator BEFORE you swipe your credit card. They would like to see your membership card, but many of us don't have them yet.
