## ***EAA Chapter 92—Message from the President***

EAA92 Members and Friends,

The weather is getting warmer, but it is only temporary as we begin the June Gloom season with its low morning overcast. This summer season has started with a bang, with the release of Top Gun Maverick – if you haven't seen it yet, it is a **MUST SEE** to get your juices flowing.

We completed our second Young Eagle event of the year on May 1, this time at Planes of Fame / Cal Aero Country Club, with a great turnout of 46 Young Eagles and 8 pilots and numerous ground volunteers. The weather was perfect and the event again went off smoothly, with the added process refinements of giving each Young Eagle a Boarding Pass Number to smooth the boarding process, and assigning an individual Loadmaster to each pilot to make it easier on the pilots. We look forward to our next Young Eagle Events in September and October, with specific dates still TBD.

We would again like to thank Steve Livingston and crew for running a great event; our pilots Jeff Tolan, Tiphani Tolan, Jay Steffenhagen, Bob Lange, Jeff Swedo, Rhon Williams, Al Gibbs and Gary Stark for giving the kids a great flight experience; Chuck Gifford and Jim Barry for running the Ground School; Ted and Zaida Venter and crew for organizing and preparing the food; and the many other Ground Volunteers who helped out wherever it was needed. Extra special thanks go to Les Whittlesey and his crew for again hosting us at his beautiful Cal Aero Country Club facility.

The EAA Young Eagle program marks its 30th year in 2022, and has flown over 2.1 million youth world-wide to date. We will have Young Eagle events this September and October at Chino airport, so please pass the word among your friends and neighbors and encourage the kids ages 8-17 to sign up. A generation or two ago, kids with an interest in aviation could walk through the airport gate and roam the airport bumming rides and washing airplanes, but today's high fences and security gates make entry to the aviation world much more difficult. The Young Eagle pro-

## ***EAA Chapter 92—Message from the President***

gram, and its follow-on flight training programs, activities, and flight scholarships, provide an entry gate that is otherwise missing.

We are continuing our in-person monthly meetings at the IRWD Community Room, with Ron Berinstein presenting “Surviving Dangerous Winds” on June 7, and Ben Kellogg of Ben’s Motorworks at Fullerton Airport presenting “Aircraft Maintenance for Owners and Builders” on July 5. If you have interesting meeting program topics you would like to see, please let us know.

Keep your calendars open in August for our traditional EAA92 Chapter BBQ at Chino Airport. It will be planned for late afternoon/evening on a weekend to avoid the hot sun, with the specific date and venue still TBD.

The Planes of Fame Museum has confirmed that there will be NO CHINO AIR-SHOW this year due to the extensive on-going road construction around Chino Airport. We all hope that next year the airshow will be back, and we can once again set up for our EAA92 Brat Booth at the airshow food court after a much too long Covid hibernation period.

So now go out, take advantage of the good flying weather and the re-opening of many flying events, and FLY, BUILD, DREAM, and come to our monthly chapter meetings to get (re)acquainted with everyone. Stay safe; thank you for all your support and we look forward to seeing you at future events.

Enjoy the rest of the newsletter.

Until next time - - - Jim Randall, President, EAA92

**General Meeting — June 7th @ 7:00 pm - 9:00 pm**

# “SURVIVING DANGEROUS WINDS ” with Ron Berinstein

For our June EAA Chapter 92 meeting, we welcome back a favorite speaker, Ron Berinstein, discussing Surviving Dangerous Winds with an added bonus (quick) feature discussion: Surviving an upset that results in inverted flight. Included:

- What might make a take-off go fatal?
- The Ten Most Important Reasons Why Accidents Occur as determined by a Top FAA Investigator
- Meteorological Condition Dangers and the Visual Observation Warning Signs You Can Make; Plus, weather report data that will warn you, but is often overlooked
- Riveting Video Accident Analysis with an American Airlines Advanced Maneuvering Program Training Captain
- Wind shear – The types, and the predictable flight challenges you will face.

### **Special Bonus Discussion Insight:**

Suddenly the Ground is now where the Sky should be! What to do, (and NOT DO).

### **ABOUT OUR MODERATOR:**

Ron Berinstein CFII – FAAS Team Lead Representative – FAA WINGS Pro

Introduced to flying in 1965 by his father. Together they flew cross-country in 1968 from Great Barrington, Mass to Los Angeles in a Cessna 140 armed with a Narco Superhomer. Ron started teaching in the early '70s, mostly at EMT whilst flying Pipers for primary training, and a Bellanca Scout for basic aerobatic training. Ron has authored over 100 different flight safety seminar compilations (both VFR & IFR topics)

## **EAA Chapter 92 — NEWS**

and has spoken at, or co-produced over 500 in-person seminars all over the Los Angeles basin and San Diego.

Ron is the director and webmaster of SCAUWG.ORG, the airspace, and aviation education website he produces on behalf of the Southern California Airspace Users Working Group. SCAUWG is a group of airspace professionals FAA officials, and stakeholders dedicated to making the L A basin safer to fly. The website features a flight planning application, ChartAware, downloadable to Foreflight and Garmin Pilot, that charts the boundaries and associated safety data (altitudes and frequencies) for both published and unpublished practice areas [Los Angeles and San Diego] and real flight tracks are featured.

Ron is an affiliated instructor with CP Aviation in Santa Paula and is a waived pilot allowed to fly solo aerobatics in the SZP Aerobatic Flight Training Area. Ron is a member of SAFE, NAFI, AOPA, FAA Safety Team, and SCAUWG.

**THIS IS A WINGS EVENT:** Sign up for WINGS credit at [www.FAASafety.gov](http://www.FAASafety.gov)

This in-person meeting will be held at the IRWD Community Room at 15500 Sand Canyon Ave in Irvine.

Hangar Talk social period: 6:30 to 7:00 PM

Meeting begins at 7:00 PM

Presentation begins approximately 7:15 PM

More Info at <https://www.eaa92.org/>

## Builder Center

We don't have a builder center anymore. If you would be interested in renting a place to build your aircraft please advise us at [aaa92buildercenter@gmail.com](mailto:aaa92buildercenter@gmail.com). We will restart the builder center when we can have enough tenants and can find a new location.

Jim Randall will be discussing with some of the builders in the Chapter to investigate if we could use Base Ops as a building area, and be looking at another location for Phase 1 flights, expected to be at Chino airport.

A side note, Compton/South Bay Chapter 96 (Rhon Williams, president) – has 8000 sq ft builder center on the field which is fully occupied and rented at \$0.75 per square foot per month AND builders need to move to another location for Phase 1 flights. So there is a demand for building area.

## Base Ops

Base Ops is our headquarters on Chino airport. We use it for storage and as a staging area when doing young eagle events and at the Chino Airshow

We had a roof leak which caused water damage. No repairs yet by Chino Maintenance on the wall water damaged areas. Cabinets have been removed.

- Gary will plan for remounting cabinets

New lease agreement still in process.

## Young Eagles Events for 2022

We had two successful young eagles projects so far this year.

We flew 46 young eagles out of Planes Of Fame—Cal Aero in Chino, with the help of 8 pilots and 18 volunteers. The new check-in procedure for the Young Eagles greatly reduces paperwork.

Next Young Eagles event will be in the Autumn, October and November, both at Planes Of Fame / Cal Aero and Yanks Air Museum.

IF YOU WANT TO VOLUNTEER PLEASE MAKE SURE YOUR BACKGROUND CHECK IS UP TO DATE (see instructions in this newsletter)

## Membership Update

We have 43 paid members. We have not had as many projects being built at the same time in our chapter since a long time.

We have a new member that joined recently: Martin Batelaan.

If you have questions regarding membership, please contact Louis Beaulieu at the email address [membership@aaa92.org](mailto:membership@aaa92.org).

### **Chino Airshow**

It has been confirmed to Jim Randall that Chino airshow will not be conducted this year .

EAA Chapter 92 makes most of its revenues from the Brat Booth that we traditionally have at the event.

Revenue flow for Chapter 92 will need to be re-evaluated for future.

We may also need a new coordinator for the event. Tasks include confirm the booth location, get wristbands, gate entry pass, health permit from the county, go get the brats, plus all other supplies needed for the event. Please contact Jim if interested.

### **Chapter BBQ**

We're planning to have a BBQ on a Sunday late afternoon, at Chino, in August, but the details need to be worked out...

Stay tuned.

### **Chapter Board Members and Officers Changes for 2022**

Several officers have double duties, and we would really appreciate more volunteers to organize our chapter.

Please contact Jim Randall ([president@eaa92.org](mailto:president@eaa92.org)) if you would like to volunteer for a position.

We will be looking for 3 new board members for 2023.

The chapter board and officers are now as follows:

- President: Jim Randall
- VP: \_\_\_\_\_ (this position is open)
- Secretary: Jim Barry
- Treasurer: Steve Livingston
- Newsletter Editor: Louis Beaulieu
- Board members: Don Myhra, Zack Cavanaugh, Debbie Cavanaugh, Jim Barry

## EAA Chapter 92—Young Eagles

### Young Eagles Youth Protection Program

*This article is taken from EAA central web information. You can visit the EAA web page:*

<https://www.eaa.org/ea/youth/youth-protection-policy-and-program>

EAA's Youth Protection Policy and Program sets basic requirements for EAA staff and volunteers who work with children under age 18. It includes **online best-practices training** and, for certain categories of volunteers, a **basic background check** (U.S. residents only). All of the following persons are required to complete both the online training and background check.

Both steps are necessary and the cost is covered by EAA:

- All Young Eagles pilots
- All Chapter Young Eagles Coordinators and Field Service Representatives
- Two-deep leadership supervisors (see Section 4 of the Policy)
- Volunteers who will work with youth in general:
  - Four (4) hours or more at any one (1) time; or
  - Four (4) times or more in any calendar year; or
  - Four (4) times or more with any particular Youth.
  - Note that "Volunteers" includes, among others, parents and legal guardians of any youth participants

If you would like to volunteer for our next young eagles event, please use the link above and follow instructions.

To do the training and enter information for the background check you need to be a member of EAA National.

\* Our reason for these requirements is that kids should be safe, so we must take action to advance the safety of children in EAA-related programs – whether operated by EAA or by one of our chapters – for the sake of the kids, their parents and guardians, and the volunteers who work with them.

# EAA Chapter 92 Bringing the E to EAA

## Air Academy Summer Camp Scholarship 2023

EAA Chapter 92 will be giving away two scholarships for the [Air Academy Summer Camp](#), at Oshkosh Wisconsin. The camp includes room and board, plus EAA Chapter 92 will pay for the transportation air fare.

There will be 2 scholarships recipient selected by EAA Chapter 92 for Basic Air Academy Campers (for 14-15 year olds\*)

EAA Chapter 92 will be selecting candidates that have shown the most interest in aviation in a numbers of way like:

- ➔ Attending Young Eagles event;
- ➔ Attending an aviation oriented high school program;
- ➔ Volunteering at EAA Chapter 92 event like Young Eagles or the Chino Planes of Fame Airshow, etc.

The scholarship recipient will have to present a short essay at regular EAA Chapter 92 meeting.

To apply for the scholarship send an email to [secretary@eaa92.org](mailto:secretary@eaa92.org) detailing your interest in aviation before March 30th 2023. Scholarship recipient will be selected and contacted for a final interview in end of April.

If your child is not selected, you can still register by applying directly at [EAA.org](http://EAA.org), see link below, but do it soon because these camps are usually sold out by January.

For more information go to the EAA web site: <https://www.eaa.org/eaa/youth/eaa-aviation-and-flight-summer-camps/eaa-air-academy?>

\*Camper age in July 2023, the camp educational material is designed for this age group.

### Living History 2022 - Tracks, Wheels, Wings

On Saturday, June 18, 2022, Planes of Fame Air Museum is introducing a new and exciting event called "Living History - Tracks, Wheels, Wings" that we hope becomes an annual affair.

We are inviting military vehicle enthusiasts to come to the Museum on this day to display their jeeps, trucks, tanks, etc. The Museum's tanks and vehicles will also be on display and open to visitors. Military re-enactors will also participate and will work to create a "festival" atmosphere. We will also have Food Trucks for your dining pleasure. So stay tuned to this page for more news about this event in the coming days!

Do you own a World War 2 military vehicle in the Southern California region? We would love for you to bring it to our June 18th "Tracks, Wheels, and Wings" event! Jeeps, Half Tracks, Ambulances, Kubelwagens, etc. We invite you to bring your vehicle out to the Planes of Fame Air Museum event located at Chino Airport, CA. We're hoping to get as many vehicles in attendance as we can, so please share the word with any vehicle owners you might know! We are looking for reenactors from an branch of service of any country during World War 2 with authentic uniforms and equipment.

For Planes Of Fame Museum Admission tickets, visit: <https://planesoffame.mybigcommerce.com/museum-ticket/>

At Yanks Air, we appreciate the classics, the good ol' days and a time-honored dad joke. Celebrate with your dad at Yanks'

# Our EAA 92 Partners

They help us do better—THANK YOU!

The Spirit of Aviation™

<http://www.calaeroevents.com/>

Flying Tiger is at the base of the Chino tower. Not only do they have the cheapest gas at CNO, they will give an additional 5 cent discount to those who identify themselves as members of EAA92. To do this, you need to talk to the operator BEFORE you swipe your credit card. They would like to see your membership card, but many of us don't have them yet.
